CERTIFICATIONS

QUALITY STANDARDS

ISO-9001 certificate

Implementing this quality management system requires constant enhancement and improvement of processes and products, which is monitored on a regular basis by the British Standards Institution (BSI).

RAL-certified

RAL Quality Marks identify products and services that are manufactured or provided according to high, precisely specified quality criteria and monitored on a regular basis by independent test institutes (SKZ, Süddeutsches Kunststoff-Zentrum and IFT, Institut für Fenstertechnik)..

Top innovator

This award is issued to the most innovative SMEs in Germany and is also one of the most well-respected corporate awards around..

TEST CERTIFICATES

Reaction to Fire & Thermal Transmittance

Airborne Sound Insulation
